Family Business Australia proudly presents the

Family Business Directors Course

A course specifically for families in business

FIVE reasons YOU should attend:

- Attend the only directors course in Australia specifically designed for families in business
- Learn how to address the unique challenges family business directors face
- Understand how strong governance creates a sustainable competitive advantage for your business
- Learn the basics of director responsibilities
- Engage with directors of other family businesses

What can you expect from attending this course?

- Gain an understanding of the structure and role of a board of directors
- Basic duties and responsibilities of directors in privately held family businesses
- Find out how to maximise the effectiveness of the board's operation
- Learn about the benefits of family councils, charters, retreats and constitutions and their role in best practice family governance
- Hear the benefits of effectively integrating family and business governance
- Find out how to add value to your business through the development of governance systems
- Refine your board thinking capabilities
- An action plan for developing your family business governance systems

Why is this course different?

- It is presented by leading experts in the field of family business as well as experienced family business directors
- It concentrates on the unique challenges faced by families in business
- The presentation format is interactive and will allow time for discussion - ensuring your questions are answered

To maximise the value for your family business, it is highly recommended that several members of your family business attend this course together.

Who should attend?

- Directors of family businesses (family & non-family, executive & non-executive)
- CEOs & Senior Managers of family businesses
- Family members with shareholdings, whether actively involved in the business or not

Program details

DAY ONE

The first day concentrates on business governance. In particular sessions will cover an introduction to corporate governance, the structures and processes of business governance and the extensive discussion of a family business case in terms of these structures and processes.

Including:

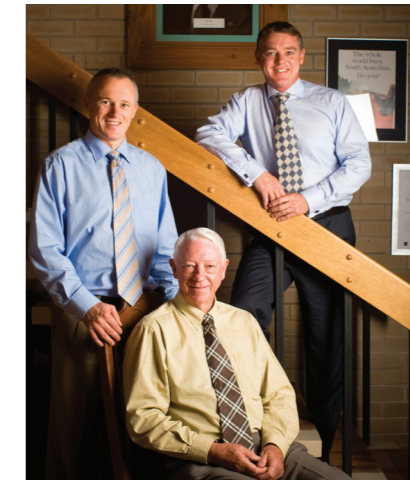

- should you introduce a board
- structure of the board
- who should sit on the board
- role of the board & its relationship with the business
- director's duties & responsibilities
- legal environment
- board processes
- guidelines for successful operation

DAY TWO

The second day shifts the focus to family governance issues. In particular sessions will focus on the structures and processes of family governance and continue the extensive discussion of the family business case introduced on day one in terms of these family governance issues. The course concludes with examples of how to achieve integration of both forms of governance to build competitive business advantage and family harmony.

Including:

- structures including councils, constitutions, assemblies
- role of these structures and their members
- using structures to maintain & enhance shared vision and mission of the family business
- issues dealt with through structures
- improving family communication
- family retreats
- guidelines for succession

Please note:

This course is not intended to cover all of the legal requirements of holding the position of company director. The purpose of this course is to deal with the framework for business and family governance, focusing on the benefits of adopting a holistic approach to governance in your family business.

This course was developed and presented in conjunction with Australia's leading family business education provider, the Australian Centre for Family Business at Bond University.
