## FAMILY BUSINESS AUSTRALIA forms international links

Spreading its wings and bringing further benefits to members, Family Business Australia has joined forces with the international organization for families in business, The Family Business Network.

While Family Business Australia is the peak body for families in business in this country, the Family Business Network reaches all continents, and is described as the world's leading network of business owning families, promoting the success and sustainability of family business. FBN shares a charter similar to that of FBA – a commitment to giving and sharing experiences and insights in an atmosphere of confidentiality and trust.

Through our Associate Membership of FBN, members of Family Business Australia who are in the Second Generation and Over categories, will be able to join the international network at the cost of €210. The cost to non-FBA members is €390, so this is a great opportunity to those FBA members who wish to join FBN.

In assessing the benefits, consider the following: The FBN family business on-line membership directory includes over 1700 family businesses from all continents and more than 50 different countries. FBN operates with 16 chapters world-wide, in countries from Sweden and Finland to Chile and Mexico, in major world economies like the USA and Japan. Each Chapter organises and coordinates its own programs and events for networking, education and training.

### ADDITIONAL BENEFITS ARE:

- A neutral & safe platform for international networking
- The FBN Annual Summit
- Family Business Directory
- Family Business Adviser & Academics Locator
- International & National Events & Activities
- Access to the latest research within the world of Family Business
- Specific Next Generation Website, Events and Activities
- Building the Future Program
- E-newsletter
- Families in Business Magazine
- Website: Public & Members' sections
- Belonging to a prestigious international community
- Access to annual global summit
- Ability to network internationally among peers
- Have a voice on a world stage
- Access to international knowledge base
