Next Generation Roundtable

'Working with different relationships in a Family Business'

Monday 3 November 2008
'THE LOFT' at THE BROMPTON
5 First Street, Brompton
6.00pm–8.00pm

Light refreshments provided—kick on for drinks/dinner afterwards if you wish

In an **Australian first**, FBA-SA has initiated a series of **Next Generation Roundtable** discussions—the perfect way to air the issues you're dealing with and work them through with friends and an expert in the field. Peer learning is always very powerful—especially when combined with professional guidance and expertise.

By popular request, this first **Roundtable** will provide a supportive space to explore the many varied roles and relationships of the Family and Non Family members within the Family Business - and how this affects

- generational differences
- management, leadership and power imbalances
- communication, misunderstandings and potential conflict
- the ability to grow, change and/or survive in the Family Business

FBA Forum facilitator and relationship specialist, **Valerie Redman** will facilitate **Roundtable #1**. Valerie is a personal and organisational trainer, counsellor and psychotherapist with extensive experience and expertise with the Family Business dynamic. Who better to talk you through how to deal with the situations you deal with on a daily basis?

DON'T MISS THIS UNIQUE OPPORTUNITY

EXCLUSIVE TO NEXT GEN
